

Slim Transformers

12v Slim Transformer 240v 75VA

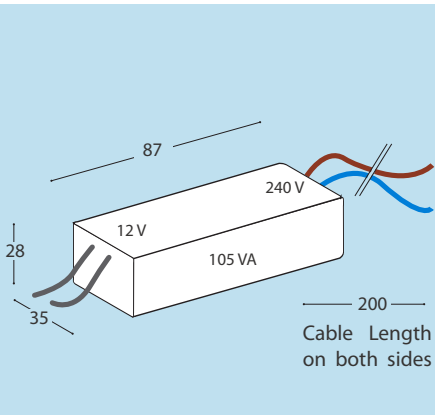

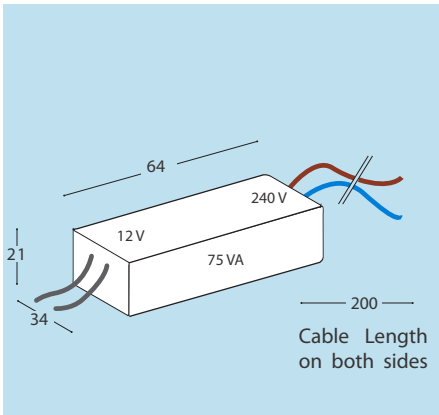

A SELV Safety Electronic transformer. Silent operation for use with leading or trailing edge dimmers.

13.0074.04 75 VA

12v Slim Transformer 240v 105VA

A SELV Safety Electronic transformer. Silent operation for use with leading or trailing edge dimmers.

13.1109.04 105 VA

Technical Data 75 VA	
Input	240v
Output	12v
Features	Silent Circuit Thermal Protection
Dimming	trailing edge or leading edge
Cutout	35 mm
Safety	short circuit protection
	safety overload protection
	no load protection
	max ambient temperature 50°C
	max housing temperature 80°C
SELV	EN 61747 / 61047
Approvals	CE, DE, SELV, EN 61747, EN 61047, F, III

Technical Data 105 VA	
Input	240v
Output	12v
Features	Silent Circuit Thermal Protection
Dimming	trailing edge or leading edge
Cutout	40 mm
Safety	short circuit protection
	safety overload protection
	no load protection
	max ambient temperature 50°C
	max housing temperature 80°C
SELV	EN 61747 / 61047
Approvals	CE, DE, SELV, EN 61747, EN 61047, F, III
